

**Google
Chrome**

The screenshot shows the Google Chrome settings page. A red arrow labeled '1' points to the three-dot menu icon in the top right corner. A red arrow labeled '2' points to the 'Settings' option in the dropdown menu. A red arrow labeled '3' points to the 'Advanced' button at the bottom of the settings page.

⑤ Certificate Import Wizard

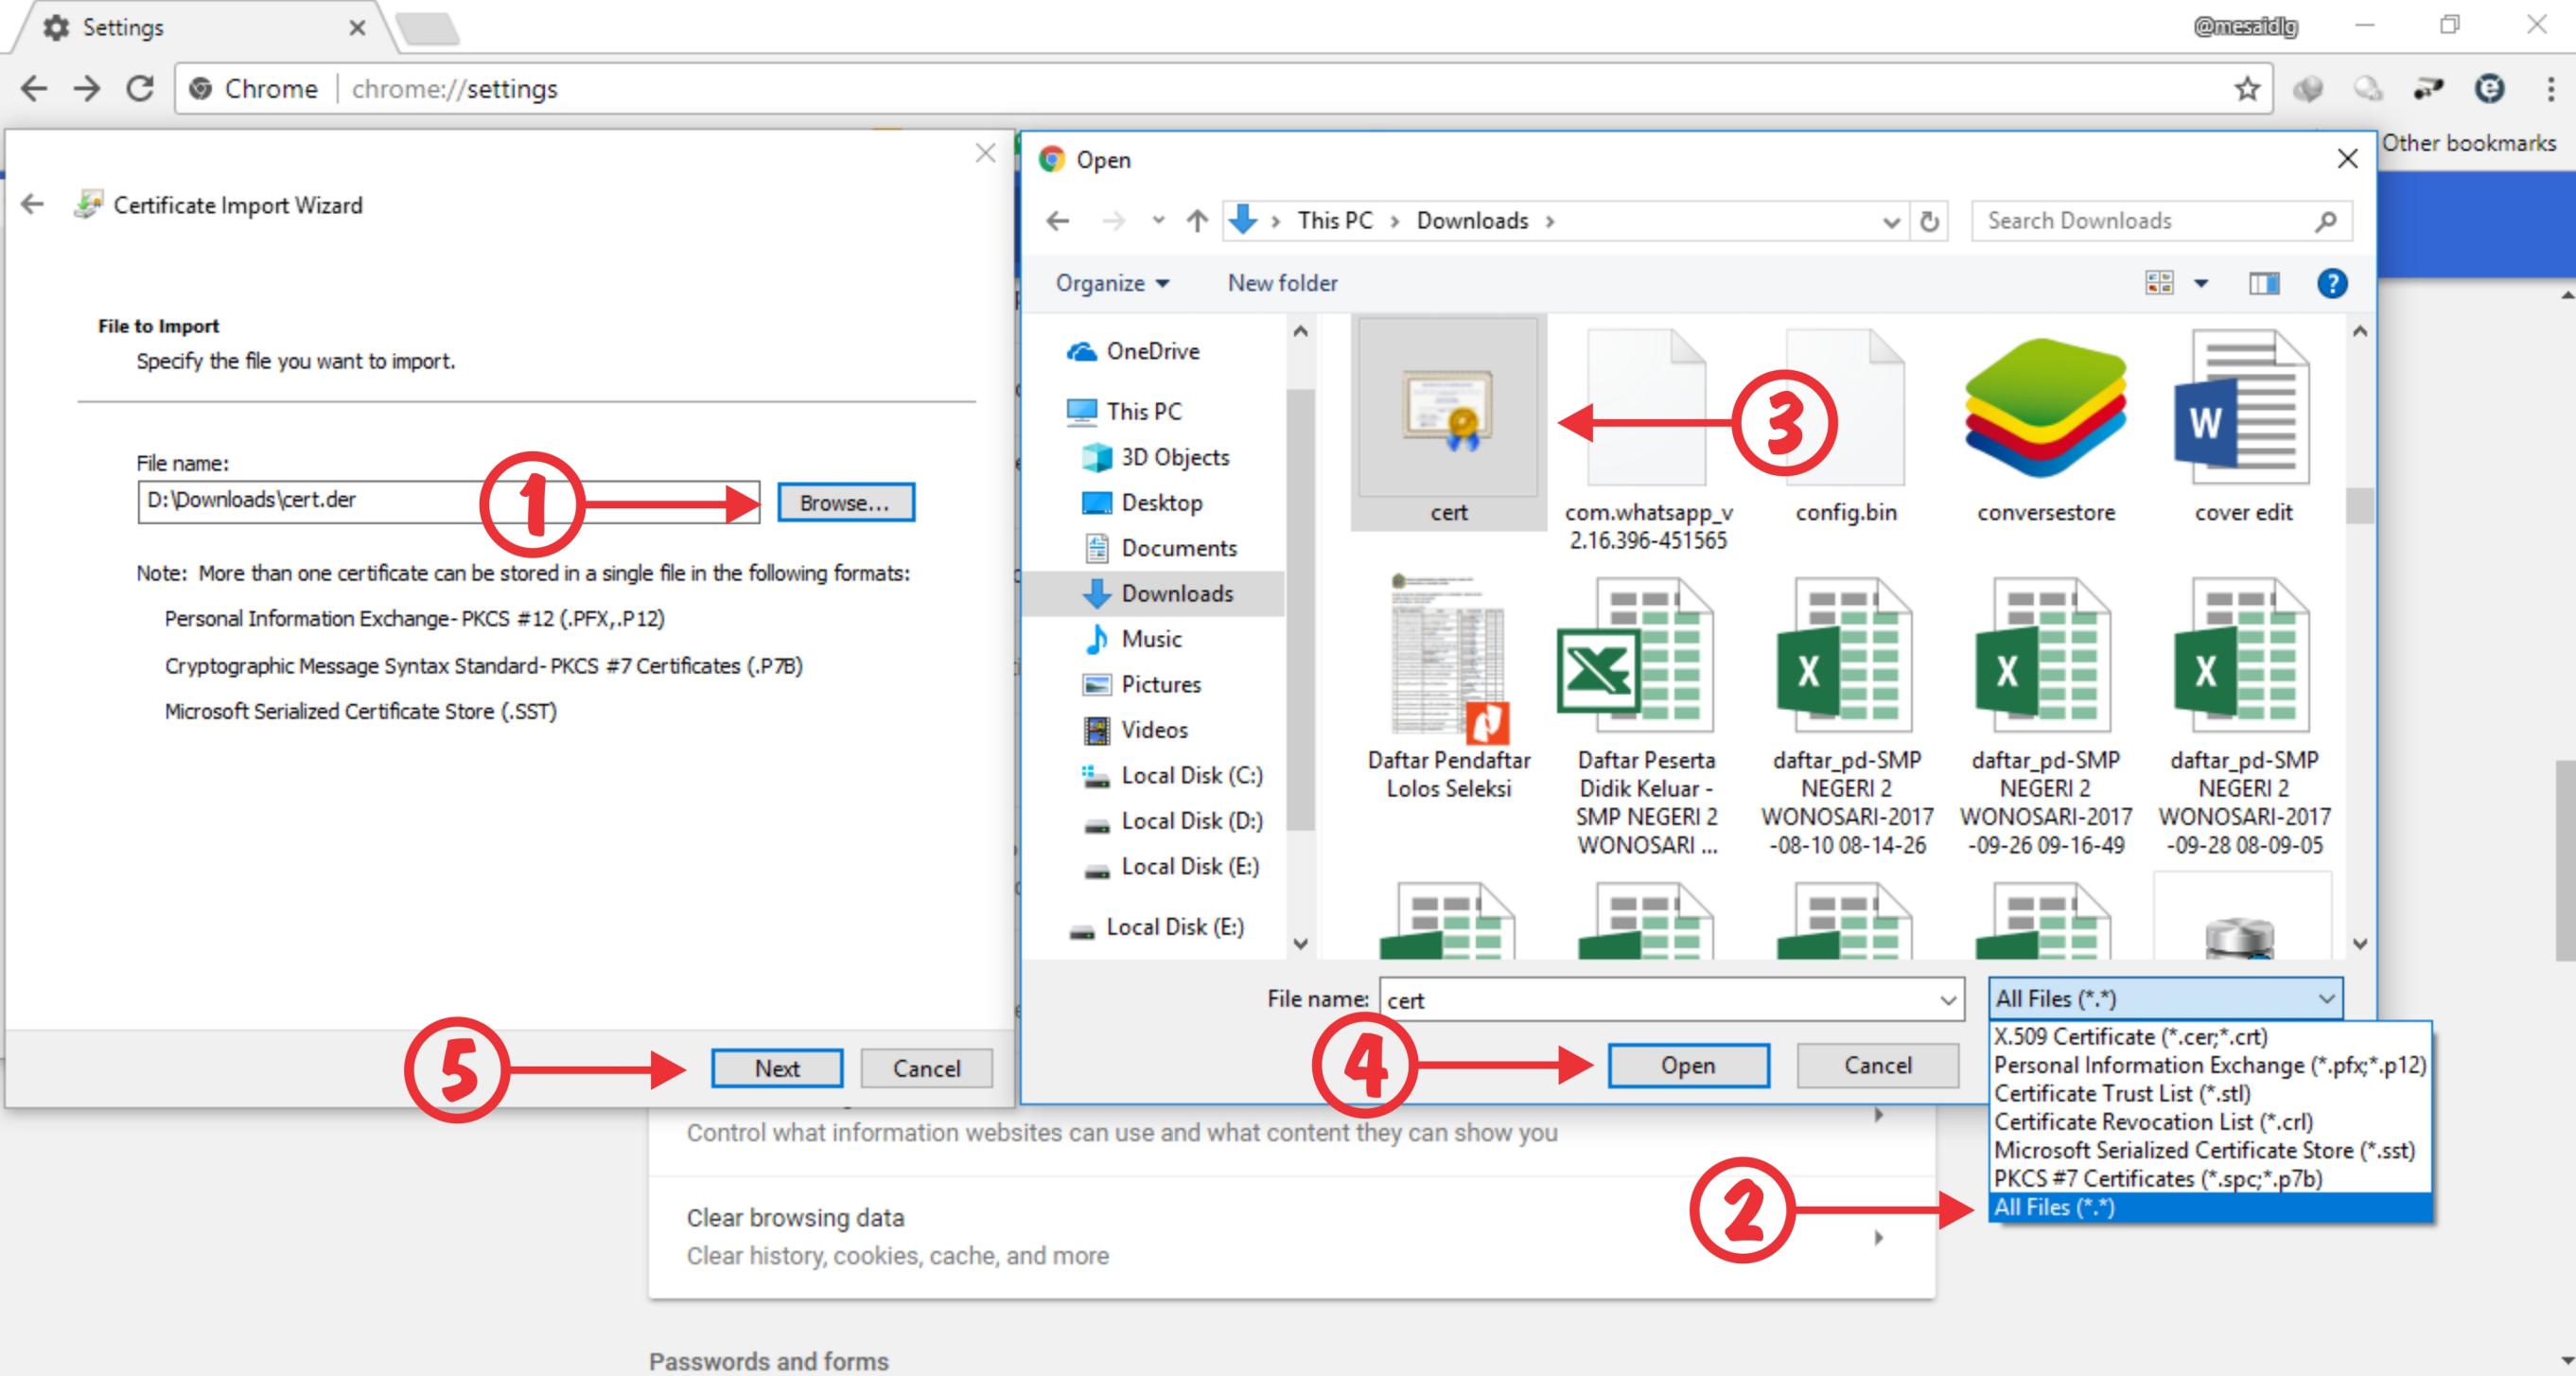

Welcome to the Certificate Import Wizard

This wizard helps you copy certificates, certificate trust lists, and certificate revocation lists from your disk to a certificate store.

A certificate, which is issued by a certification authority, is a confirmation of your identity and contains information used to protect data or to establish secure network connections. A certificate store is the system area where certificates are kept.

To continue, click Next.

Certificate intended for:

1. Certificate Import Wizard

Certificate Store

Certificate stores are system areas where certificates are kept.

Windows can automatically select a certificate store, or you can specify a location for the certificate.

Automatically select the certificate store based on the type of certificate

Place all certificates in the following store

Certificate store:

Trusted Root Certification Authorities

2. Certificate Import Wizard

Completing the Certificate Import Wizard

The certificate will be imported after you click Finish.

You have specified the following settings:

Certificate Store Selected by User	Trusted Root Certification Authorities
Content	Certificate
File Name	D:\Downloads\cert.der

Control what information websites can use and what content they can show you

Clear browsing data

Clear history, cookies, cache, and more

Security Warning

You are about to install a certificate from a certification authority (CA) claiming to represent: ict-smp2wno

Windows cannot validate that the certificate is actually from "ict-smp2wno". You should confirm its origin by contacting "ict-smp2wno". The following number will assist you in this process:

Thumbprint (sha1): 0F2E2716 02B062F7 0718ECBC 9B828AAA F45E97A6

Warning: If you install this root certificate, Windows will automatically trust any certificate issued by this CA. Installing a certificate with an unconfirmed thumbprint is a security risk. If you click "Yes" you acknowledge this risk.

Do you want to install this certificate?

1 Yes No

2 Certificate Import Wizard OK

3 Close
